

Michael Hack & Patrick Fox from BSEF HQ visited India on 18 & 19th September. Meetings were held to discuss Fire Safety Standards in India with multiple stakeholders including SIAM, ACMA, ULSE, NFEES, and IPUA.

BSEF also met with India Bromine Platform (IBP) members for the Q'3 meeting to discuss fire safety standards in India in key industries such as Building and Construction, Electrical and Electronics, among others.

BSEF discussed with various stakeholders on the global fire safety regulations and how Indian consumers can benefit by strengthening fire safety standards in India.
